HIP-RELATED PRACTICE

Presentations

1. T. AÏT SI SELMI, M. BHAMRA. Minimal Access Surgery, Technical relevance.
DePuy Learning Center, Interlaken, Switzerland, March 23, 2003.
2. T. AÏT SI SELMI. Minimal Access Surgery, Patient Selection.
DePuy Learning Center, Frankfurt, Germany, June 17, 2003.
3. T. AÏT SI SELMI. Minimal Access Surgery, Patient Selection
DePuy Learning Center, Frankfurt, Germany, September 2003.
4. T. AÏT SI SELMI. Depuy MI System & Corail®.
DePuy Learning Center, Liège, Belgium, October 30, 2003.
5. T. AÏT SI SELMI. Minimal Access Surgery, Patient Selection.
DePuy Learning Center, Brussels, Belgium, November 2003.
6. T. AÏT SI SELMI, S. LUSTIG, S. DOSCINOVIC, Ph. NEYRET. Posterior MIS Approach: Technical considerations.
Lyons Hip Meeting, Lyon, France, December 15, 2003.
7. T. AÏT SI SELMI, Ch. BUSSIERE, Ph. NEYRET. THA Current Concepts (MIS, Resurfacing, Revisions)
Lyons Rhumatologists Association, Lyon, France, February 20, 2004.
8. T. AÏT SI SELMI, S. LUSTIG, S. DOSCINOVIC, Ph. NEYRET. MIS Posterior Approach : preliminary results.
24th French Caribbean Annual Meeting , Fort de France, Martinique, February 2004.
9. T. AÏT SI SELMI. MIS Posterior Approach : Technical considerations.
Tricks and Tips Meeting, Brest, France, April 2004
10. T. AÏT SI SELMI, S. LUSTIG, Ph. NEYRET. MIS Total Hip Arthroplasties.
Innovative Techniques in Orthopaedic Implants - 4th Meeting, Saint-Étienne, France, June 10, 2004.
11. T. AÏT SI SELMI, S. LUSTIG, S. DOSCINOVIC, Ph. NEYRET. MIS posterior Approach.
Cementless Total Hip Arthroplasty Advanced Course, Berder, France, June 17-19, 2004.
12. T. AÏT SI SELMI, S. LUSTIG, Ph. NEYRET Minimal Access Posterior Approach, Depuy Optimis®.
1st Rapid Recovery Symposium (Biomet), Grenoble, France, June 21, 2004.
13. T. AÏT SI SELMI, S. LUSTIG. Minimally Invasive Posterior Approach.
DePuy Learning Center, Frankfurt, Germany, June 24, 2004.
14. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. Minimally Invasive THA.

DePuy HIP Summer Course, Paris, France, September 19, 2004

15. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. Minimally Invasive THA. *Region Rhône-Alpes - MIRA Exchange Program, Beijing, China, September 15, 2004*
16. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. Minimally Invasive THA. *Region Rhône-Alpes – MIRA Exchange Program, Shanghai, China, September 17, 2004.*
17. T. AÏT SI SELMI, S. DOJCINOVIC, S. LUSTIG, Ph. NEYRET. Minimally Invasive THA . *Swiss Orthopaedic Society Annual Meeting, Montreux, Switzerland, September 23-25, 2004.*
18. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. PTH Mini-Invasive. *Claude-Bernard University Annual Meeting, Pierre Benite, France, October 16, 2004.*
19. T. AÏT SI SELMI, S. LUSTIG. PTH Mini-Invasive. *MIS France Meeting First Edition, Paris, France, November 9, 2004.*
20. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. PTH par voie Mini-Invasive Postérieure. *Orthopaedic Surgery Study Group (GECO), Les Arcs, France, January 19, 2005*
21. T. AÏT SI SELMI, ARTRO Group. Optimis Minimally Invasive Posterior Approach *Corail® Learning Center, Annecy, March 17–18, 2005.*
22. T. AÏT SI SELMI, S. LUSTIG, Ph. NEYRET. PTH par Voie d'Abord Postérieure réduite. *CHIREC, Brussels, Belgium, April 25, 2005*
23. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET Accuracy of implant positioning using Specific Angled Instrumentation in posterior MIS: prospective series of 120 THA *French – Japanese Orthopaedic Association / 8th Meeting, Kyoto, Japan, May 6-8, 2005*
24. T. AIT SI SELMI & ARTRO Group. Optimis Minimally Invasive Posterior Approach. *Corail® Learning Center, Annecy, France, May 26-27, 2005.*
25. T. AÏT SI SELMI, S. LUSTIG, S. DOJCINOVIC, Ph. NEYRET. Accuracy of implant positioning using Specific Angled Instrumentation in posterior MIS: prospective series of 120 THA. *HIP' 2005, Toulouse, France, September 28-30, 2005*
26. T. AÏT SI SELMI, S. DOJCINOVIC. MIS Hip Surgery in Sports *Current Practice in Sports Trauma, Chambéry, France, October 1th, 2005*
27. T. AÏT SI SELMI, ARTRO Group. Optimis Minimally Invasive Posterior Approach. *Corail® Learning Center, Annecy, France, October 27-28, 2005.*
28. T. AÏT SI SELMI, ARTRO Group. Optimis Minimally Invasive Posterior Approach. *DePuy Learning Center, Hamburg, Germany, November 16, 2005.*
29. T. AÏT SI SELMI, ARTRO Group. Optimis Minimally Invasive Posterior Approach. *Corail® Learning Center, Annecy, France, December 8-9, 2005.*

30. T. AÏT SI SELMI, L.JACQUOT, ARTRO Group. Hip THA Planning.
Corail® Learning Center, Annecy, France, December 8-9, 2005.
31. T. AÏT SI SELMI, DJ BERRY. Extra large uncemented hemispherical acetabular components for revision total hip arthroplasty: results at a mean of 12 years.
MAOA (Mid-America Orthopaedic Association), San Antonio, Texas, April 19-23, 2006
32. T. AÏT SI SELMI, ARTRO Group. Optimis Minimally Invasive Posterior Approach.
Corail® Learning Center, Annecy, France, May 4-5, 2006.
33. JC. CARTILLIER; A. PINAROLI; T. AÏT SI SELMI, ARTRO Group. The use of standard stem in revision.
Corail® Learning Center, Annecy, France, May 4-5, 2006.
34. L. JACQUOT; T. AÏT SI SELMI, ARTRO Group. Corail THA Planning.
Corail® Learning Center, Annecy, France, May 4-5, 2006.
35. Corail Stem Long term results – T. AIT SI SELMI; JP. VIDALAIN & ARTRO Group.
DePuy Intelligent Surgery Meeting Adelaide May 25, 2006.
36. Optimis Minimally Invasive Posterior Approach – T. AIT SI SELMI & ARTRO Group.
DePuy Intelligent Surgery Meeting Adelaide May 25, 2006.

FUTURE DIRECTIONS

- **Scientific Studies**

1. CT Scan Study

T. AIT SI SELMI, S. LUSTIG (In collaboration with a team of Radiologists : Dr *Sébastien CHOMEL* and Dr *Jean-Baptiste PIALA*) : Evaluation of femoral offset and anteversion restitution after THA (n = 80 Started January 5, 2005). *Currently in process.*

2. THA templating

R. DEBARGE, T. AIT SI SELMI. Predictability of implant sizing (100 prospective cases). Radiographic study. Consequences of sizing modification during the procedure, in terms of offset, and lower limb discrepancy. Consequences for CAS. *In process.*

3. Biomechanical effects of Collar versus Collarless stem

G. DEMAY; T. AIT SI SELMI The role of the collar in vertical and rotational stability of the Corail® stem. Cadaveric study 40 hips from 20 cadavers. In Collaboration with: Pr ; Laurence CHEZE //Ecole Doctorale LBMH + Pr. MERTEN & Dr E. VOIGLIO // Rockefeller Anatomy Lab. + Depuy R&D // C. SAINT PIERRE, C. ZANELLO).

4. Corail Finite Element Model

In collaboration with DePuy R&D (C. SAINT-PIERRE). 3D reconstruction from a cadaveric femur. Technological Institute of Montluçon as part of a Master « Bureau d'étude, Dimensionnement, Calcul ». Mr. Lionel DBARD (Engineering student). Direction Pr. Florence LABESSE.

5. Corail® ARTRO Registry (primary hips)

- Personal data : 449 (Corail + KAR)
- ARTRO data: Continuation of the « 20 year Corail® registry » to include more recent implants, notably from AMT design. Coordinator (JP VIDALAIN, L. JACQUOT).

- **New fields of clinical activity and evaluation**

1. Hip navigation

Agreement in process for purchase of CAS system by Lyons Civic University Hospitals

2. Resurfacing (ASR) & Large head THA

Regulatory approval pending

3. Patient Education Website

Creation of a French/English web site focused on patient education, providing informations toward the THA procedure (pre and post op program, hospital stay, anaesthesiology, rehabilitation...); the THA (design, manufacturing process, survival analysis, publications...); the surgeons (contact, CV...). Specific access to surgeons to enable transmission of clinical data to implement the Corail registry and get any professional informations or tools (down loading technical or educational films, presentations...).
